

*SARS-CoV-2 Coronavirus Update:*

The spread of the SARS-CoV-2 coronavirus in Europe has resulted in assembly bans and the closure of many universities (including the University of Nanterre). This will almost surely affect the planned Schleiermacher Congress in Paris from June 2 to 6. June 2020.

It is no longer likely that the Schleiermacher Congress and associated student Workshop in Paris will take place in early June. In the event of a cancellation, we are planning to postpone the congress by approximately one year. A final decision on the postponement will be made in three weeks and communicated by mid-April at the latest on the homepage of the Schleiermacher Society and in a letter to the Society's membership.

At this point we ask that you no longer buy tickets or reserve hotels that cannot be canceled. Many airlines as well as the railways have offered the possibility of rebooking tickets. If the Congress is postponed, you will be asked to make use of this possibility.

Stay healthy!

Best regards on behalf of the entire organization team,

Sarah Schmidt
